ESTELON EXTREME MK II

The Extreme comprises an upper and a lower module, with the former fully adjustable to best suit a room's acoustic attributes and the listener's personal preferences. It has been designed to perform a smart disappearing act when in use: instead of having your ear drawn to the speaker, the listener is immersed in sound, experiencing music afresh in all of its nuanced splendour.

SPECIFICATIONS:

- TYPE: 4-way passive speaker, bass reflex
- DRIVERS:
 - 2 x Woofers: 250 mm (11 inches) CELL aluminium sandwich Accuton (custom design)
 - Mid-woofer: 250 mm (11 inches) CELL aluminium sandwich Accuton (custom design)
 - Midrange: 168 mm (7 inches) CELL ceramic membrane Accuton
 - Tweeter: 25 mm (1 inch) CELL diamond Accuton
- FREQUENCY RESPONSE: 25-60 000 Hz
- SENSITIVITY: 91 dB / 2.83 V

ESTELON XC MK II

The XC Mk II delivers our signature depth and breadth of sound quality in the form of a less lofty, but no less stylish, full-range monitor. The XC Mk II is a stand-mount design, produced to the same industry-leading standards as our floor-standing collection. It is the ideal choice for listening spaces in which the rest of our X Series could prove to be excessive.

ESTELON YB MK II

The distinctive style of YB Mk II may be a masterpiece of sleek design, as with all the Estelon products, but it is also a triumph of “form follows function”. The newly upgraded YB Mk II contains new crossover and cabling and it's now coming in the same marble based composite cabinet for a quality of sound that immerses the listener in both the technical brilliance and the emotional ebb and flow of the audio experience.

SPECIFICATIONS:

TYPE: 3-way passive speaker, bass reflex

DRIVERS: Woofer: 220 mm (8 inches) SEAS, aluminium cone
Mid-woofer: 148 mm (5.8 inches) Scan-Speak, sliced paper cone
